Dear Parent/Guardian:

Latta Schools is continuing to plan for the coming school year. As you know there are a host of routines and procedures that must be reviewed as we prepare for the return of our Latta students. First and foremost in our planning is the safety of our students and staff. Today we are releasing a summary of our COVID-19 Plan that includes safety practices which will be put into place for the coming year. We believe that the steps outlined in the plan will help maintain the safest possible environment for students and staff returning to school. Please understand that the situation is constantly changing and this plan may be revised prior to or after the start of the school year.

In addition to safety, we are also receiving inquiries regarding the availability of virtual learning for our students. Latta Schools will have virtual learning options for our families in the 2020-2021 school year. Details will be forthcoming in the very near future so please continue to monitor our website and social media pages.

We hope that this information will help you and your family as you look forward to the new school year. Please know that we are working hard to make it as safe and successful as possible.

Respectfully,
