Dear Latta School Patron:

I hope all of you are having an enjoyable summer. The Latta School administration and staff are working diligently this summer to prepare for the challenges presented by the upcoming school year. Over the next month we will be sharing information about the start of school and how we plan to proceed in order to provide our students the best opportunity for a healthy, safe and productive school year.

In order to help our staff better prepare for the 2020-2021 school year, the Latta Board of Education recently voted to make some minor changes to the school calendar. The most significant changes to the calendar are:

- The first day of classes will move to Monday, August 17.
- Teachers will have a full week (August 10-14) of professional development prior to the beginning of school.
- The school year will include 6 scheduled virtual days where students will learn from home. This will allow teachers and students to practice virtual learning in advance to better prepare for the possibility of interruptions to the school year due to the COVID-19 pandemic.

Please watch for the revised calendar to be posted on the Latta School website and the school Facebook and Instagram pages soon.

I know every Latta family is eagerly waiting to hear more information about plans for the coming school year. As school leaders, we will do our best to provide information to our families as plans and procedures become solidified. Please keep in mind that we are dealing with an extremely fluid situation and your support - as well as your patience - is greatly appreciated.

Respectfully,
