Dear Latta Families,

Latta School is updating the way it is sharing information concerning COVID-19 cases at our school. Starting today, we will be publishing a spreadsheet on our school website that shows the number of COVID-19 cases in each school site. This spreadsheet will also show the number of students and staff that are currently being quarantined. This spreadsheet will be updated each day that school is in session.

We hope that by changing to this method of reporting to our community, it will allow Latta School to provide more timely and transparent information to the families we serve. Once we begin publishing this spreadsheet, we will no longer post letters on our website and social media when we have positive cases in our school. We will continue to make direct contact with any families that may have a student who has had close personal contact with a positive individual and is required to quarantine at home. If you have any questions about our new method of reporting, feel free to contact me at 580.332.2092 x-400 or [supt@latta.k12.ok.us](mailto:supt@latta.k12.ok.us).

Thank you for your continued support. By working together, we will get through these challenging times and provide our students with the safest and best opportunity for an education.

Sincerely,
